

KSC Motherwell Mural Provokes Variety Of Opinions

The Statesman's inquiring reporters chose an obvious question for their first poll: "What

FUMAGALLI HOLT
do you think of the Motherwell Mural Fragment in the KSC hi-fi room?"

ORAZIO FUMAGALLI, assistant professor of art said, "It is a perfect find as a decoration for that wall. Its large, simple elements are suited to the massive character of the hall. Even the colors play a pleasing close harmony with the furnishings."

Sophomore SUSAN HOLT qualified her statement, "I think that you should see it from a distance. Not close up but from some position, as for example the pool tables. I don't think I know enough about it to say any more."

JERRY NELSON, a senior B & E major remarked, "I really

don't care for it. Maybe it's because I really don't understand it, or maybe it's because there's really nothing to understand."

NELSON
picked it to put it in he room, but now I may. I feel that mod-

ern art belongs in a modern building. The two work together, furthering our educational experience. Nothing before has ever caused such a unified reaction from this student body. continue to interest this campus."

DR. GERHARD VON GLAHN, head of the political science department expressed this opinion, "I dislike the mural because I feel that the workmanship is not well executed. It has an unfinished and incomplete appearance. The large amount of black does not harmonize with the furniture and the mu-

ral itself is too large and overpowering for the size of the room when the doors are

BUUS VON GLAHN
closed, and they usually are. I'm glad that it is here only on a loan basis."

The UMD Statesman

Vol. 25 Duluth, Minnesota, Saturday, October 13, 1956 No. 2

Coach Lloyd Peterson: First Eleven On Par With Macalester Gridders

The UMD Bulldogs will face their toughest opposition of the season when they play Macalester in the Homecoming game today, according to UMD's head football coach, Lloyd Peterson.

Peterson said the Scotsman are tougher than St. Thomas and Concordia, two of the teams that beat UMD. Peterson saw St. Thomas beat Macalester, 12 to 7. He said the Scotsmen outplayed St. Thomas. "They've a tough line and backfield speed."

UMD is badly lacking in reserve strength, according to their coach. He said emphasis on reserve scrimmages the early part of this week looked "pretty bad."

The Bulldogs also developed and polished their attack this week, Peterson said. But he added that the problem of finding adequate replacements for the injured players still remains.

As for rooster spirit, Peterson is elated. "It was good at the St. Thomas game; a lot better than last year. It means a lot to the fellows." He said team spirit is excellent "They feel they are as good as any team in the conference."

"We can field one team on a par with Macalester's, but if one man is lost, we're hurt bad," Peterson said.

The coach added that UMD will probably continue to have inferior teams unless fall quarter classes begin two or three weeks earlier, as the other colleges in the conference do. Practice begins on September 1 throughout the conference, but all other conference teams begin classes during the first or second week in September. UMD classes begin about a month after the opening of practice, thus putting UMD practice three weeks behind. Peterson explained. Many UMD players start practice late because of economic pressure, Peterson said.

He added that seven men have dropped off the squad with injuries or for other reasons. This narrows the team down to 30 men.

"But as far as improvement is concerned," Peterson said, "There is only one way to go — up!"

Helen Edman Reigns . . .

Ball Will Climax Week's Events

Helen Edman

Tonight's football game with Macalester in the Duluth Public School's Stadium, and the Homecoming dance in Kirby Student Center following the game will climax the 1956 Homecoming festivities.

Helen Edman, a sophomore sponsored by the STATESMAN was crowned Homecoming Queen at the Varsity Show last night. Her two attendants are Karen Thrana and Helen Oakes, representing the "M" Club and Sigma Phi Kappa, respectively. Also included among the seven finalists were Le Ane Haase, Beta Phi Kappa; Elizabeth Kasberg, Gamma Theta Phi; Janet Betty, Sigma Psi Gamma; and Kathryn Bailey, Sigma Tau Kappa.

The finalists were chosen from an original field of twelve candidates after appearing at last Thursday's coffee session. Judges for the queen contest were Dick Anthony, KDAL; Sinto Wessman, Duluth Herald; Mrs. Jeanne Drake Snyder, Duchess of Duluth Hostess; Robert Falk, Acting Director of the OSPS; Margaret Ruikka, Chronicle Editor; and John Hill, Student Commission Vice-President.

Ron Peterson was in charge of the week's events.

(See story on page 4)

Two UMD Students On Goodwill Group Visiting In Iceland

UMD's Peter Thorsteinson and John Hill have been chosen for a five-student "goodwill" delegation to Iceland. Representing U. S. students, the two will leave tomorrow for Minneapolis where they'll begin their air flight to New York and then on to Reykjavik, Iceland.

During the summer, Thorsteinson and Hill received application forms, which they filled out and sent in to the All-University Congress in Minneapolis. In early September, the two were asked to appear for personal interviews.

Both Pete and John have been busy in preparation for the three-week tour. Shots for an international immunization certificate were given; passports were rushed through. The boys were first asked when they went to the passport office, if they were just off the boat, and in obtaining a birth certificate, Pete had to receive a legal certified first name.

(Continued on Page 2)

Arras President Of Pep Club

By JOHN HILL

At about 8:15 p. m. last Thursday, a group of 70-85 students met in the KSC ballroom to rejuvenate the old Barker's club. Thanks to pep club reorganizer Pual Butler the Student Commission and the presidents of various organizations such as the "M" club, this group was large enough to elect officers, cheerleaders and to get generally orientated.

Last year the Barker's club was very much a defunct organization with little pep and spirit evident at any of UMD's games. This lack of structural organization and pep resulted in a bad reflection on both the college as a whole and on the students individually.

Officers elected for the new club (every student can and should be a member) are Bill Arras, president; Elmer Schwartz, vice-president, Sigie Peterson, secretary-treasurer. A new name and constitution is being written by the officers.

To channel the pep and lead the cheers are nine elected cheerleaders: Ardelle Anderson, Annette Boben, Pat Eilers, Judy Gustafson, Sigie Peterson, Jill Rickard, Fay Ryan, Nancy Stewart and Agnes Vovk.

A new name will also be given to the club after the election for a possible new school nickname.

Certainly this pep club will act as a nucleus in developing an awareness of school spirit; it remains for each and every one of you, how-

Bill Arras, 1956 Pep Club President

ever, to supplement them and to cooperate with the cheerleaders in all yells and songs. Last Saturday night was a fine example of what can and will be done. This is no time "to pass the buck;" you have an excellent opportunity to prove that UMD is not apathetic, that we want an active pep club and cheerleaders . . . make the most of it!

Elections Set For October 26

October 26 will be your first chance to "get out and vote." The freshmen will cast their ballots to decide who will be their class president, vice president and secretary-treasurer.

The entire student body may participate in the election of five members to the Board of Publications. The board membership consists of five students-elect and three non-student members.

Non-student members of the board shall be (1) the director of the News Service, (2) the director of Student Personnel Services, (3) the provost of the college, or their respective representatives.

Three of the five student members are to be elected for a term of two years, the other two for a term of one year.

Anyone interested in running for any of these posts should file in the OSPS office. The deadline for filing is October 24.

Hayes Announces Cast 'Lady' To Romp In Round

By JOHN HILL

"Now, Doug, move from 12 o'clock to 3 o'clock, and Tom, you cross over to Leta at 11 o'clock. Burnie, Phil and Bob, forget all other stage direction you've ever learned . . . theatre in-the-round is different."—Doc Hayes

October 31 through November 3, *The Lady's Not For Burning*, by Christopher Fry, will be given in the ballroom of KSC. As of now, rehearsals are held in the gym of Main and anyone who would like to observe the challenging idiosyncrasies of theatre in-the-round are invited to come in any night and watch.

Because of this method of scheduling rehearsals, it is the first time a cast will have uninterrupted practice; the varsity show will have all the time it needs for rehearsal; and the music department will be able to use the auditorium for both voice and the orchestra.

The play will be given on an elevated stage with the audience sitting all around it. In order to prove effective at all times, therefore, rehearsal directions are given in terms of a clock-time and the stage is broken up into quadrants.

Hayes reports that the cast is very strong, with a particular emphasis on talent for each character's role. The cast is made up of members from each high school in Duluth and representation from the Range; this is one of the best examples of a truly mature college outlook, where high school lines are forgotten and a college unity is built.

Members of the cast include: Jay Thorseth, Biz Kasberg, Jerry Music, Burnie Lenroot, John Lokke, Leta Powell, Bob Hansen, Phil Lyons, Thomas Taylor, Al Thenen and Doug Rapp; the most able director is, of course, Harold L. Hayes.

Costumes are best described as "medieval-ish"; tights will be worn. The poetry within the play itself is brilliant; it is rather Shakespearian in feeling, but not as difficult to emote or comprehend. For the best in college theatre, see *The Lady's Not For Burning*.

Past Fellowship Prexy Visits Campus

October 3 and 4, visiting the UMD Christian Fellowship club was Russell Johnson of Minneapolis. A member of the interdenominational group he commented, "I'm very impressed

with the number of students that have shown interest in the organization here."

He graduated from UMD in 1952, receiving his degree in the educational field. While a student here he was our 1950-51 president of the Christian Fellowship club. In 1952 he was selected for "Who's Who in Colleges and Universities."

He continued his studies at the Bethel Theological Seminary, St. Paul, graduating in 1955. Culminating his studies, Russell will be ordained at the end of the month.

Next year as a missionary for the Baptist General Conference, he will travel to Eritrea, East Africa, located on the Red Sea. Traveling with him will be his wife and daughter, Christine Marie, now six months old. His wife is the former Barbara Olson, a 1954 graduate of St. Luke's school of nursing.

Johnson was a 1948 graduate of Duluth Central high school. He is the son of the proud Mr. and Mrs. John Johnson, 1032 Grandview Avenue.

Scribe Says: Ivy Needs Time, Like Wine

by WALT MUSOLF

Now that the registration rush is over, the freshmen oriented, the upperclassmen settled and Homecoming is under way, (question—Why come home?) the campus is beginning to settle down into the fall quarter's main business; that of gaining an education.

At approximately this time each year, a stirring and controversial question arrives at UMD, ringing through our hallowed halls (on the old campus, that is, nothing rings on the upper campus because the buildings are too new to be properly hallowed).

WHERE IS THE SCHOOL SPIRIT AND RESPECT FOR TRADITION AROUND THIS UNIVERSITY BRANCH?" cry the anti-apathy-pro-school-spirit and tradition group. Letters to the editor appear in the STATESMAN, editorials are written, committees formed and convocations held, all with the purpose of solving this goshaw-

ful problem and turning the campus body into an enthusiastic, tradition-minded, well-spirited (?) group of scholars.

A minority of our students work themselves into a mild frenzy, studies are forgotten as debates range the halls. In some extreme instances, ivy has been planted around the foundations of partially constructed buildings in mid-November by tradition-minded groups; petitions have been circulated demanding that all teaching personnel above rank of instructor wear their academic robes at all times while on campus.

School elections can be won or lost on the issue; cheerleaders can suffer nervous breakdowns.

But is there an issue? If there is to be debate and agitation that is where it should center.

It is rather difficult to have an enthusiastic, cheering mob at athletic contests when the old school colors are repeatedly

trampled in the mud. (How often does UMD finish out of the second division?) Spirits lag when the rain falls and the upper campus becomes a giant mud bath with automobiles slowly sinking out of sight in the parking lot. Some may even grumble a bit after walking five blocks from the upper campus to catch a bus downtown.

But, in looking over the past years at UMD, things have gone pretty well. A crowd still turns out at the game and most school organizations appear to be thriving. Buildings are going up and even a few frost cracks are showing up in the newly poured sidewalks.

Granted, the ivy isn't thriving, although traces can be seen, and most of the fans appear bewildered when the cheerleaders stand up and yell between quarters, but we are progressing and, give or take a few years, UMD should have all the tradition and spirit it can comfortably hold by 2056. (If we can recruit a few more ball players.)

Words Without Music

By FLOYD JOHNSON

JUST THINKING: It's impossible to work in a room which has a radio during the World Series . . . We don't like most rock 'n roll, but Fats Domino has a good beat . . . UMD would have beat St. Thomas if the Tommies hadn't scored 4 or 5 lucky touchdowns . . . We're not running for any office, but we do have a hole in our shoe . . . We like good coffee. Why isn't there any place on the campus where it's available?

MAN ON THE CAMPUS: Dennis Horrigan, a sophomore, works part-time running the elevator in a downtown office building. Now Mr. Herrigan is getting mighty tired of hearing "life must have it's little ups and downs for you." Dennis claims he's liable to lower the boom on the next fellow who tells him this.

TO TELL THE TRUTH, we're disappointed that to date no one has brought up the petition to take all of Elvis Presley's records off the KSC jukebox. We're beginning to think we'll have to resign ourselves to the cruel fate of hearing "Hound Dog" with our morning coffee. Well, if the students, and we understand most of them are freshmen, want to pay a dime to hear Elvis grunt and groan, that's their concern and we'll have to put up with it, like it or not.

OUR DAY DOESN'T start out right unless we drink three cups of coffee before leaving home, read Pogo while drinking the first, then leave so late that we have to drive 45 to get here on time, forget the assignments from the previous days and then sleep through the first class, anyway.

BOWLING IS ONE of America's top participation sports. It's good exercise and at the same time a lot of fun. It is mentioned in the UMD Bulletin but, unfortunately it's not in the class schedule. We can't help but feel that it would go over big here. There must be others, like ourselves, who appreciate the deep rumble of a bowling ball as it speeds down the gutter.

TODAY'S TALE: An absent-minded minister left home to attend a conference in the city. While there, he was going to have a sign built for the lawn of his church. Of course, he had to forget something and this time it was the quotation for the sign and the sign's measurements. He wired home: "Please send quotation and measurements for sign." The next day, the girl at the telegraph office fainted when the reply came over the wire: "Unto us a child is born. Six feet long, two feet wide."

Religion-In-Life Week Planning In Progress

"Your God is Too Small" will be the theme discussed at various convocations, informal coffee hours and dinners during Religion-in-Life week, October 23-25.

Protestant chaplain Neal Kuiper from St. Cloud reformatory will be the main speaker at convocations on Tuesday morning and Wednesday afternoon. Reverend Kuiper is a graduate of Central College, Pella, Iowa and Princeton Theological seminary at Princeton, New Jersey. He has also had 3½ years military service, 26 months of which were spent in Europe. He also has had special clinical training at the Federal reformatory, Chillicothe, Ohio and at the Mental hospital, Patten, California. He is a member of the Board of Directors for Westminster Foundation and moderator of the St. Cloud Presbytery.

Informal coffee hours will be held Tuesday morning and Thursday afternoon, with an informal inter-sorority and fraternity banquet planned for Wednesday.

The convocation on Thursday morning will feature a round table of Duluth clergymen and Thursday evening a fellowship dinner will be held at the Pilgrim Congregational church.

The purpose of Religion-in-Life week is to help students develop a new awareness of the part religion plays in their lives and to form a better conception of the importance of their lives in the world today. Its further purpose is to promote more interest and better understanding among students and faculty of the importance of their religion and religious values in higher education.

Under the guidance of general chairman Barbara Holmes and Religious council adviser Miss Harrison, committees have been planning for these events. Chairmen of the various committees include: Kay Tree, special events; Helen Edman, publicity; Marjorie Carlson, banquet; Sara Gowan, finance; and Don Newton, scheduling coordinator.

ICELAND (Cont. from Page 1)

In addition, the two have been commuting for two-day periods for briefing sessions on various problem areas and general information which will be valuable when in Iceland. Professors and Icelanders gave the five students two-hour sessions on the two-party political system, minority groups, agriculture, higher education, foreign policy in the United States, and comparable discussion areas in Iceland.

While in Iceland, feature editor John Hill will send in articles of interest for the STATESMAN. They will return the last of October or the first of November.

And Now To Muse

By JOHN HILL

Via air mail, special delivery to you from me is how we'll come to you from our little trip to Iceland. The frost is on the pumpkin and the orange juice in the vodka . . . skoal!

And a big "welcome back" to all you upperclassmen; the "beanies" have already been so greeted. What with the new student center, the vast growth and expansion of UMD in all its aspects of college development, the year ahead looks like a great one . . . it will be if you want AND make it so.

j a h

Little Louis to Petit Pierre: She flunked out of the Sorbonne (France), so Francoise Sagan wrote "Bonjour Tristesse" . . . "I had to do something," so she said. A crashing success, it spent thirty-eight weeks on American best-seller lists, twelve of them on the top spot. Her second novel, "A Certain Smile," again a minutely aching chronicle of a love affair, broke French publishing records; it sold nearly 200,000 copies in a month, went to the movies for \$150,000 plus a percentage of the gross and has her compatriots in an uproar that translates as, "What is the younger generation coming to?"

Her heroines, who live apparently in crushing boredom, skip morality, drink deeply, are shatteringly believable. The French however, think there is hope for her coming of age (18 years old at first novel, 23 on second): say she has turned in her Bohemian uniform, a black sweater, for a red one.

j a h

There is no drawing the line between physics and metaphysics. If you examine everyday facts at all closely, you are a physicist; but if you press your physics at all home you become a metaphysician; and if you press your metaphysics at all home, you are in a fog.

For example, we say such and such a thing is so and so. But what is "a thing?" Strictly speaking there is only one thing . . . the universe; all other things are called so through arbitrary classifications like species and tend to vanish as "things" if examined with any closeness.

j a h

For those of you who have never been to freshman camp, YOU HAVE NOT LIVED . . . man, I mean to tell you it's an experience all its own . . . from the panels to the square's dance to the ice-swimming to the various phases of night life . . . and cold, I shiver to think of it. Let me tell you, though, the freshman class is a good class . . . I am proud to know every one of them that I have met . . . their talent shows, their princess and all their other attributes which I have observed in the past three weeks have convinced me that this class is representative of UMD's greatness and most important, it is going to make us upperclassmen work like Hades to hold our own . . . but freshmen, we will do it!

Selective Service Exams Scheduled November 15

UMD has been selected as a testing center for the Selective Service qualification tests to be given November 15 on a nationwide basis.

All applications to take the examination, which will be given during the morning of November 15, must be postmarked no later than midnight, October 30. These forms can be obtained by interested male students in Room 125 Kirby Student Center, or at local draft boards.

These tests are necessary for selective service boards to determine if further draft deferments will be made for individual applicants. Some students may be already deferred for various reasons. However, if there is any question at all about a student's possibilities of remaining in school, it is recommended that the test be taken.

Eligibility requirements demand that a student who intends to request deferment as a student be satisfactorily pursuing a full-time course of instruction and have not taken the test previously.

Any male student having questions concerning the tests should contact Mr. Robert Falk in Room 125 Kirby Student Center.

Date Set For Law Tests

The Law School Admission test required of applicants for admission to a number of leading American law schools, will be given at more than 100 centers throughout the United States on the mornings of November 10, 1956, February 16, May 4, and August 10, 1957. During 1955-56 over 11,000 applicants took this test and their scores were sent to over 100 law schools.

A candidate must make separate application for admission to each law school of his choice and should inquire of each whether it wishes him to take the Law School Admission Test. Since many law schools select their freshman classes in the spring preceding their entrance, candidates for admission to next year's classes are advised ordinarily to take either the November or the

February test, if possible.

The Law School Admission Test, prepared and administered by Educational Testing Service, features objective questions measuring verbal aptitudes and reasoning ability rather than acquired information. It cannot be "crammed" for. Sample questions and information regarding registration for and administration of the test are given in a Bulletin of Information.

The Bulletin (in which an application for the test is inserted) should be obtained four to six weeks in advance of the desired testing date from Law School Admission Test, Educational Testing Service, 20 Nassau Street, Princeton, New Jersey. Completed applications must be received at least ten days before the desired testing date in order to allow ETS time to complete the necessary testing arrangements for each candidate.

LITTLE MAN ON CAMPUS by Dick Bibler

"AN' NOW TH' LOSING COACH COMES OFF TH' FIELD ON TH' SHOULDERS OF —"

This year the Homecoming committee inaugurated a new idea for choosing a queen. Rather than selecting the queen by student vote, as in the past, she was chosen by a panel of judges. Each and every organization on campus had an equal opportunity to submit a candidate to the contest. There was no expensive and time-consuming campaign. Each girl wore a ribbon bearing the name of the organization that sponsored her.

Tuesday the girls went to a tea where they talked individually with judges in an informal group. A coffee hour was held Thursday morning where the student body could come and see the candidates. Both of these events gave the judges a chance to see how the girls acted at formal and informal affairs. The panel of judges included: Dick Anthony, Robert Falk, John Hill, Margaret Ruikka, Mrs. Jeanne Drake Snyder, and Sinto Wessman.

At the Varsity Show last night the Homecoming Queen of 1956 was crowned by last year's queen, Sue Schelestreet Petersin. She was one of seven finalists. Originally there had been 12 candidates and they included the following:

KATHIE ANDERSON, a sophomore, is majoring in Speech Correction. She was sponsored by Gamma Omicron Beta of which she is a member. Kathie is also the CSO Social Service secretary. Her favorite pastimes are dancing and cooking.

Sophomore **KATHRYN BAILEY** was sponsored by the Sigma Tau Kappa Fraternity. She is majoring in Speech Correction and minoring in Psychology and Social Science. Kathryn is a member of the Minnesota Speech and Hearing Association. She keeps busy with homemaking and sewing and enjoys hunting, skiing, and reading.

The Rangers sponsored **MARY BEASY**, a junior. Elementary Education is her major and Physical Education her minor. She is secretary of the Rangers Club and a member of the Newman Club. Cooking, swimming and golfing are among her favorite pastimes.

A Business and Economics major, sophomore **JANET BETTY**, was sponsored by Sigma Psi Gamma. She is minoring in Home Economics. Holding a part time job at Whitney's keeps her busy outside of school. She is on the Student Center Committee for "House and Finance." She is recording secretary of Sigma Psi Gamma Sorority and a member of the Newman Club. Dancing, skiing, and swimming are her favorite pastimes.

HELEN EDMAN, a sophomore, majoring in English and minoring in Social Science. She was sponsored by the STATESMAN. She is sophomore class secretary and a representative for the Canterbury Club. She is a member of the Gamma Omicron Beta Sorority, Religious Council, CSO, and helped in the orientation program. Her favorite pastimes are swimming, dancing, and music.

Sophomore LE ANE HAASE was sponsored by Beta Phi Kappa Fraternity. Her major is English. She is a member of the Gamma Omicron Beta Sorority.

Gamma Theta Phi sponsored junior ELIZABETH KASBERG. She is majoring in Speech and minoring in Home Economics. She is a member of Gamma Omicron Beta, LSA, and the Theater Guild. Elizabeth's activities include cheerleading, WAA, aquatics, Sno-Week and Homecoming Varsity Shows.

A Physical Education major, sophomore SANDY KNUTSON was sponsored by Pemm's. She is minoring in Health. Organizations that she is in include: Sigma Phi Kappa, Phi Delta Pi of which she is Historian, WAA, Pemm's, Pep Club and LSA. Her hobbies include dancing, music, sewing, and swimming.

HELEN OAKES, a Sophomore, was sponsored by Sigma Phi Kappa of which she is a member. Her major is History. She enjoys sewing and synchronized swimming.

Sophomore NANCY PETERSON was sponsored by WAA. Her major is Physical Education and her minors are Health and English. She is a member of WAA, Pemm's of which she is Women's Sports Head, Pep Club, LSA, Sigma Phi Kappa of which she is Recording Secretary, and Phi Delta Pi of which she is editor. She enjoys all sports and music.

The Buckhorns sponsored junior PATRICIA PREVOST. Her major is music. She was Freshman Princess in 1954. Her activities include Buckhorns of which she is Secretary, Sigma Alpha Iota of which she is Recording Secretary, UMD Orchestra, UMD Choir and String Chamber Groups. She is interested in music, swimming, fishing, and reading.

A Math major, KAREN THRANA was sponsored by the "M" Club. Another sophomore, she was in the ROTC Queen's Court in 1956. Her activities include LSA and Secretary of the Homecoming Committee. She is interested in music, sewing and skating.

CC Practice Set

Dr. Lew Rickert is agin this year organizing a cross country team at UMD. As some of you will remember from last year, UMD won the conference meet at Lake Nokomis in Minneapolis. This team was made up mostly of freshmen. This year four of the five-man team that won the championship are back again. The non-returnee is Jim Lockwood from Duluth Central. Jim, the winner in last years meet, left school last winter.

The four returnees are Robert Lindall, Eugene Laulunn, Dave Smith, and Cliff Milne. Three other prospects are Ray Mickalajak, Doug Pagett, and Ed Holt. Others have indicated an interest but have not officially reported for practice.

Coach Rickert commented that Mickalajak looks quite promising from first observations, but he has not had a good chance to make any decisions yet. Dr. Rickert has not clocked any of his men yet. By the time you read this, he will have held time trials and the outlook will be more definite.

So far he does not have any meets lined up due to schedule difficulties resulting from Duluh's isolation from other schools.

The conference meet has not been set yet. As an added incentive this year, the conference team winner will be invited to the NAIA sponsoresd National Cross Country meet to be held at Omaha, Nebraska.

Anyone still interested in cross country is asked to contact coach Rickert. Practice is held each afternoon on the track encircling the football practice field.

HOMECOMING

How Are UMD's Chances?

The football lettermen of last year were asked their opinions on UMD's chances of beating Macalester for the Homecoming crowd. Here is their analysis.

DICK FORBORT . . . JUNIOR . . . END

I think we can 'Mace the Macs' by playing four quarters of spirited ball which we proved we can in the first half of the St. Thomas game."

KEN LUNDGREN . . . SENIOR . . . TACKLE

No comment right now, but be out there for the game and we'll show you on the football field.

MARV HEIKKINEN . . . JUNIOR . . . HALFBACK

I've got a hunch were going to win this one. If we play like we did in the first half of that St. Thomas game, I know we'll take these Macs.

RON THOMAS . . . SENIOR . . . GUARD

One of our toughest, but we'll be up for it.

DARREL LEFTY WARNER . . . SENIOR . . . HALFBACK . . . CAPTAIN

If we put together four quarters of good football, such as that first quarter against St.

Thomas, we can beat anyone.

ARNE JOHNSON . . . JUNIOR . . . STUDENT MANAGER

If we're fired up and play ball as we did in the early part of that game against St. Thomas, I think we can beat them.

JOHN SORNBERGER . . . SENIOR . . . TACKLE

I think the St. Thomas game showed we can win, if everyone carries out his assignment.

WAYNE RAU . . . JUNIOR . . . QUARTERBACK

The fans will see a much tougher team out there. This should give us our first victory.

DARREL WARNER

Now Lets

'Mace the Macs'

Bulldogs Sparkle; Fade Before Strong Tommies

An encouraging first half saw UMD's football Bulldogs drive a heavily favored St. Thomas eleven all over Public Schools stadium turf.

With a brilliant combination of passing and running the Bulldogs set the Tommies on their heels and gave the partisan crowd a chance to voice support. Under the guidance of freshman quarterback Bob Dodge, Morgan Park, who completed all three of his passing attempts, and he brilliant running of little Marv Heikkinen, Esko, UMD built a 14-0 lead early in the second quarter.

Bulldog supporters began to talk of victory. But the bubble soon began to deteriorate. Dodge, the chief engineer of UMD's touchdown drives, and Bob Visnia, Cathedral, a surprise starter at fullback who had held the defense together, were both injured early in the second stanza. Dodge will be

lost for much of the remaining season with an injured shoulder.

St. Thomas rolled for 5 touchdowns to win 34-14.

Heikkinen Tops Running Passing Attack For UMD

Marv Heikkinen, who handled UMD's running attack in their promising show of offensive strength against St. Thomas is the Bulldog's leading ground gainer for the first three games of the 1956 campaign.

Marv, UMD's pigskin carrier has handled the ball 25 times. He gained 142 yards and been stopped for a total of 19. This gives him a net of 123 with a 4.9 average.

On the pass receiving end of the statistics, the fleet junior from Esko grabbed seven passes for 135 yards. This also gives him the most yards gained via the pass route of any Bulldog.

Handling the halfback slot opposite Darrel Warner has been a busy chore for Marv. Warner, hampered by a severe cold for the past two games, has been limited in the amount of ball carrying he could do, leaving Heikkinen with the largest slice of ball handling.

WAA FOR ALL GIRLS

The Women's Athletic Ass'n is open to all the girls attending UMD. If an activity is scheduled and you would like to participate but you don't know how, come anyway. The girls who do know will be very glad to help you with it. This is your organization; help make it a successful one.

Macalester Homecoming Opposition For Bulldogs

By RON PROULX

An air of spectator skepticism will undoubtedly prevail over Public Schools Stadium next Friday night, when the UMD Bulldogs entertain the Scots from Macalester in the former's homecoming game. The Bulldogs, currently suffering the humiliation of defeat in three previous games this season, are geared to a height of tremendous team spirit supplemented by a strong desire for victory. The team seeks revenge not only for the aforementioned losses, but also from the sarcastic and uncalled for comments, both oral and penned, that some of the so called "true" UMD backers have issued against them in the past three weeks.

Even though the UMDites are filled with spirit, desire, and revenge, they know they are in for a tough, down-to-the-wire battle. They know the Scots, who finished in a three way tie for second with Concordia and St. Johns last season, are not pushovers. Aside from that, the Macs are celebrating a stunning upset victory over previously unbeaten Concordia last Saturday night.

Coach Lloyd Peterson's footballers have been plagued with injury and illness all season long. Lost for the year is Roland Strand, freshman fullback and former Denfeld star. At the time of his injury, he was the Bulldogs' leading ground gainer. Bob Dodge, freshman quarterback from Morgan Park, suffered an injured side in the St. Thomas game and is expected to be out of action for at least two weeks. But it is hoped that the return of captain Lefty Warner to full scale competition will more than make up for the losses the Bulldogs have suffered in the backfield. In the brief action he saw in the St. Thomas game, Warner seemed to regain his normal stride. As far as all around physical condition goes, the squad is divided into three groups; the healthy, the injured, and the recovering, the latter group being the most dominant.

Considering past performances and physical conditions of individual players, the starting line-up will probably read some-

thing like this: Bob Emerson and Dick Forbert at the end positions; Ken Lundgren and John Sornberger at tackles; Ray Debevec or Walter Johnson and Jerry Karau holding down the guard spots; rounding out the line, Dennis Peterson will be at center.

In the backfield, a tentative lineup includes Wayne Rau at quarterback, Warner and Marv Heikkinen at the halfback posts and either Bob Visnia or Dick Ferrera at fullback.

This reporter was unable to reach coach Peterson for a pre-game comment, but we would like to make one in his place. It is not a prediction—just a comment.

The Bulldogs are keyed up for this game. They have yet to prove themselves to their critics, but have the potential to do so. This is not just "another game;" it is the homecoming game, and any team is always a lot tougher for its homecoming. If the Bulldogs can put spirit and desire above revenge, the Scots will know they have been in a battle when the final gun sounds.

BASKETBALL

All students, newcomers and transfers, interested in varsity basketball are to contact coach Norm Olson Monday Oct. 15 to discuss plans for the opening of the practice season.

Ralph Neuses Joins P E Teaching Staff

A new addition to the Physical education teaching staff this year is Mr. Ralph Neuses, a graduate of UMD in 1950. After his graduation Ralph filled the post of Mr. Wells for six months while he was away working for his Doctor's degree.

Ralph, a stocky, soft-spoken fellow of 28, later took his Master's degree in physical education at Kansas State Teacher's college.

Many will remember that he was a member of the Duluth Junior College Bluejay's football team which journeyed to California in 1948 to play Compton J. C. in the Little Rose Bowl, and that he scored one of the Bluejay's touchdowns against the powerful Compton squad on a pass of theirs which he intercepted at midfield and ran back for the score.

Ralph is impressed with the new look of UMD and feels that it has a promising future, both educationally and athletically.

He is now teaching courses in basic physical education, officiating fall sports and archery.

WAA Activities

By MARIETTA BROWER

Nancy Peterson, a sophomore majoring in physical education, was chosen as WAA's Homecoming queen candidate at the annual freshman picnic held last Wednesday at Chester Bowl.

The picnic was very well attended, and although a stampede followed the announcement that the food was ready, there was enough hot dogs, "smors," to satisfy the healthiest appetites. At a short business meeting held afterward it was decided to enter a float in the Homecoming parade on Saturday. PEMM's will be a joint sponsor of the float, and a committee of members of both organizations has been active in planning the float.

Friday after the breakfast hike for WAA members, all members who do not protest too strenuously will be shanghaied to do the actual manual labor of decorating the float. All help will certainly be appreciated. Those interested in assisting should see M. Brower or V. Colich.

WAA activity nights are scheduled for Tuesday and Thursday as in previous years, but the time has been changed so that activities will begin at 3:30. PLEASE TAKE NOTE! They will last until 5:30, so even if you have a class until after 4 o'clock, you can still join in the fun. Remember, "Tis better late than never."

Plans for the fall quarter thus far include the following activities: swimming, softball, badminton, trampoline, horseback riding, bowling and many others. An added attraction this year will be fencing, as Miss Small has consented to teach us

this fascinating pastime. As we have a limited number of foils, a rotating system is being worked out so that all members will be given opportunity to learn fencing, with some other activity scheduled for the rest of the members.

Committees are being chosen at the present time to begin preparation for the state play-day which UMD will host next spring. A lot of hard work will go into the planning of this event, so volunteers will be most welcome.

The College of St. Scholastica will hold their annual college play-day October 20. It is our hope that UMD will have a good representation at this event, so please sign up in the girl's locker room at the Phy Ed building and plan on attending.

Organizational Notes . . .

Gamma Theta Phi
Kenneth Kulus was voted in to the Gamma Theta Phi Hall of Fame for outstanding service to the fraternity during 1956 and 1957. He joins past members William Smith, Paul Johnson, Thomas Sermon, Bruce Halvorson and Richard Beckman, and will have his name inscribed upon the Hall of Fame fraternity paddle to be displayed in the Student Center.

The Gamma Theta Phi alumni bulletin announced the results of the spring election of officers. Chosen to serve until the Spring of 1957 were John DeSanto, president; Leroy Matchett, sergeant-at-arms; Gordon Nelson, historian; and Paul Butler, disciplinary chairman.

Young Republicans
Young Republicans on campus organized last Wednesday in order to heighten interest in November elections. The group established nominating committees and dealt with the task of drawing up a constitution.

Emphasized in the meeting was the fact that three out of five college students eligible o

vote for the first time do not do so. Those who are registered, prefer Eisenhower to Stevenson by 37 per cent to 17.9 per cent. The Young Republicans will meet again at 7 p. m. October 17. Everyone interested may phone Jim Carlson, RA 4-0865; for information.

Newman Club Initiation
New members of the Newman club, a Catholic organization, will be initiated at 5 p. m. Oct. 18 at the Kirby Student Center. A Swiss steak dinner will be served at 6 p. m., followed by a dance from 8-11 p. m. Music will be by Max Raver's Notables. There will be a charge of \$2 per person for the dinner.

Psychology Club
The Psychology club will meet in Room 122 in the library, Friday, October 19 at 2:30.

This club is open to all psychology and sociology majors, and any person interested in psychology.

"The architect will remove it when the building is paid for!"

COMMENT

By DOUG RAPP

To the football team:

Pay no attention to sportswriters who want a win so the town can bask in reflected glory. Give each game your best; this is glory enough for us.
